MINGOU

## About Company

This was important year for everybody

# 公司简介

Zhejiang Yiwu Mingou Biotechnology Co., Ltd. is a professional wet tissue factory integrating research & development, production, and sales. We are now equipped with 5 sets of wet tissue machines and 3 production lines for different wet tissue packing specs like 10 pieces per bale, 20 pieces per bale, 72 pieces per bale, 80 pieces per bale, 120 pieces per bale, single piece, and four-side seal, and achieve a yield of 100,000 bales, including the wet tissue of personal care, baby care, pet care, health care, family health, vehicle care, and precise instrument care.

We have been validated by quality management systems like ISO9001 CE GMP FDA BSCI etc., establish a quality control system of our own. Besides, we have made remarkable progress in the past several years after the strict quality control and efficient management, and we will continuously get our products improved. Now we are happy to see that our products are recognized by both domestic and overseas markets.

We are still updating our equipment and expanding the production capacity. We aim to increase the domestic and overseas sales by more than triple, and to be the leading enterprise in exporting wet tissues and in providing OEM total solution.

Click on OUR WIPES to see if we can help your

## Household Wipes

### Toallita Húmeda de casa

#### Flushable Antibacterial Bathroom Wipes

##### Toallita Húmeda lavable y antibacteriano de baño

Easily and quickly clean bathroom surfaces
